Food Allergy Disclaimer

of the catering team employed by The School Lunch Company.

The School Lunch Company endeavours to identify ingredients which may cause an allergic reaction for those with food allergies/intolerances. Food production teams are instructed on food allergies and potential reactions. Food is prepared in our kitchens where we use products such as milk, eggs, gluten etc and therefore meals may contain these allergens.

There is also a possibility that manufacturers of the commercial foods we use could change the formulation at any time, without notice. People who are highly sensitive or suffer severe reaction to allergens are therefore informed that the food on offer may not be suitable for their consumption.

The School Lunch Company will not intentionally use nuts or any products containing nuts as an ingredient within our food preparation.

If you have an allergy or intolerance please inform a member of staff at the earliest convenience, and if in doubt, do not eat our food.
