SOUTH STOKE PRIMARY SCHOOL

If you're looking for a school for your child where they can achieve their full potential, where they are treated as an individual and their talents are developed and nurtured - then look no further.

South Stoke is proud to be a small school as it enables us to provide the best combination of care and challenge. Class sizes are small and the staff to pupil ratios are high, meaning we are more able to respond to each child's needs and provide a learning environment designed to help every child reach their full potential.

"Pupils love their school. They feel happy and safe. They are welcomed with thoughtful attention every day by staff who know them well... The teachers know the children and there are deep rooted connections between them." **OFSTED 2023**

"Thank you for welcoming our family into your wonderful school. What you and your team have created at South Stoke is so very special and unique. Our children found a place where they were nurtured and could grow in their own individual ways." **YEAR 3 PARENT**

Choosing the right school for your child is clearly important. Please do contact us to arrange a visit to get a feel for the school, talk to children and teachers and to discuss your child and how we can support them in their learning journey.

If you would like to speak to existing parents at the school, please do let us know - we aren't short of glowing testimonials!
