Headteacher – Miss Amanda Rogers

March 2020

Dear Parent/s

Self Isolation Activities

Now that your child is currently in isolation I have put together a set of activities which are to support your child's wellbeing for the duration of the isolation period (assuming your child is well enough to complete these activities).

Enclosed is a wellbeing timetable which suggests a learning regime which includes physical and wellbeing activities.

Also enclosed is a learning writing journal for your child. The expectation is that a 45 minute writing activity is completed each day. In addition your child can continue with their spellings on Spelling Shed.

Maths, enclosed are a few activities, with more to follow if required. The expectation is that a 45 minute maths activity is completed each day. In addition your child can continue with their TT Rock Stars.

Additional learning resources can be found at <https://www.twinkl.co.uk/search> where parents have been given free access to the activities outlined.

In order to ensure the minimal spread of the virus please keep all work at home until your child has returned from the isolation period.

Thank you for your continued patience with this matter.

Best wishes

Miss Rogers
