**Headteacher - Miss Amanda Rogers**

November 2021

## Special Educational Needs and Inclusion Policy

### DEFINITION

High quality teaching that is differentiated and personalised will meet the individual needs of the majority of children. Some children need educational provision that is additional and different to this. This is special educational provision under Section 21 of the Children and Families Act 2014.

A child has special educational needs if he or she has a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age has a learning difficulty or disability if they:

- have a significantly greater difficulty in learning than the majority of others of the same age, or
- have a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools

### **Aims and objectives:**

The Governors and staff of this school and childcare recognise that all children have a right to a broad, balanced, relevant and differentiated curriculum. We aim to create a happy, educationally exciting and positive environment in which all pupils can develop to their full potential and become confident, independent individuals.

### **We aim to:**

- ensure that our curriculum is responsive to all children whatever their individual need.
- promote positive attitudes and individual confidence, ensuring all children experience success.
- identify, assess, record and regularly review pupils' special educational needs.
- encourage parents/guardians to be involved in planning and supporting at all stages of their child's development.
- make effective use of support services.

### **ROLES AND RESPONSIBILITIES**

Provision for pupils with special educational needs is a matter for the school and childcare as a whole.

#### **Governors**

The Governors of the school, together with the Headteacher, have a legal responsibility for overseeing all aspects of the school and childcare's work, including provision for children with special educational needs, and for doing their best to ensure that the necessary provision is made for any pupil who has special educational needs. They should determine the school's general policy and approach to provision for children with special educational needs and establish the appropriate staffing and funding arrangements.

An appointed representative from the governing body is actively involved in self-review, with the Headteacher and SENCo, of the provision for children with special needs and implementation of the policy within the school.

#### **SENCo**

The Special Educational Needs Coordinator is Miss Rogers. She works closely with all staff, parents and outside agencies ensuring the best possible provision for children with special educational needs.

She is responsible for:

- overseeing the day-to-day operation of the school's SEN policy
- coordinating provision for children with SEN
- ensuring the involvement of parents and guardians from an early stage and liaising with parents of pupils with SEN
- advising on a graduated approach to providing SEN support, liaising with and advising other members of staff
- helping to identify children with special educational needs, assessing and planning for progress

- maintaining the school's special needs register
- acting as Designated teacher for looked after pupils with SEN
- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with early years providers, other schools, educational psychologists, health and care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support agencies
- liaising with potential and next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- managing teaching assistants, in liaison with Key Stage staff
- supporting the professional development of teaching assistants
- regularly liaising with the governors' representative

### **Headteacher**

The Headteacher has overall responsibility for the management of provision for children with special educational needs and keeps the governing body fully informed and works closely with the SENCo.

### **Teaching Staff and Teaching Assistants**

Class teachers are involved in the development of the school's SEN policy and implement the procedures for identifying, assessing and making provision for pupils with SEN, including planning for differentiation. The identification of SEN is built into the overall approach to monitoring the progress and development of pupils. Class teachers are responsible for working with children on a daily basis and closely monitor children involved in interventions away from the main class. Teachers work closely with teaching assistants to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

### **CO-ORDINATING AND MANAGING PROVISION**

The SENCo meets with class teachers to give support and advice. SEN policy and provision are discussed regularly at both staff and departmental meetings in order to raise the achievement of children with SEN. Special needs provision is an integral part of the School Development Plan. The SENCo oversees the provision using provision mapping. The SENCo monitors the placement of TA support throughout the school. This is dependent on the Special Needs requirements and this placement may change as the needs of the children change. There is opportunity for informal daily contact between staff to discuss concerns.

Parents/guardians are kept informed by class teachers and are encouraged to be involved in the support of their child whenever possible. The SENCo also liaises with parents and pupils with statements or Education, Health and Care Plans have an Annual review with the SENCo. Where there is a concern that parents need extra support, the staff would refer them to the Family Liaison and Outreach Worker. If the situation becomes more worrying, the CAF/TAC process would be used to identify areas for change and engage support from other professionals. Please refer to the Child Protection Policy.

South Stoke Primary School strives to be a fully inclusive school. It acknowledges the range of issues to be taken account of in the process of development. All pupils are welcome, including those with special educational needs, in accordance with the LA Admissions Policy. According to the Education Act 1996, (Section 316), the school will admit a child with a statement or Education, Health and Care Plan subject to the wishes of their parent unless this is incompatible with the efficient education of other children, and there are no reasonable steps that can be taken to prevent the incompatibility.

### **SPECIALISMS AND SPECIAL FACILITIES**

Children's specific needs are discussed with parents/guardians when admission to school is requested. The previous school and support agencies are contacted should this be appropriate. All staff have responsibility for teaching children with learning difficulties/disabilities and should any specialist advice be required, this will be arranged.

The school has access for wheelchairs. Suitable toilet facilities are available. Where a child has a disability the SENCo and class teachers make sure that all adults are informed about effective management strategies and that other children are made aware as appropriate. Advice is sought from outside agencies on how best to provide for the child's needs and this advice is accessible to the adults working with the child through the purple files. Arrangements are made to allow as much independence as possible, but with support available as and when necessary (see Health and Safety Policy).

The SENCo and Governor with responsibility for Special needs liaise regularly to discuss provision within the school for all children with SEN.

### **Specialist training among the staff**

Staff training is undertaken in various aspects of SEN according to the needs of the children to ensure that the provision made and support given to pupils is appropriate and effective. The training needs of the staff including TAs are reviewed as part of the CPD process in school.

## **IDENTIFICATION, ASSESSMENT AND PROVISION ALLOCATION OF RESOURCES**

All schools in Oxfordshire receive funding for pupils with SEN in three main ways:

- The base budget (element 1 funding) covers teaching and curriculum expenses as well as the cost of the SENCo.
- The notional SEN budget (element 2 funding) covers the additional educational support required.
- Specific funds may be allocated to pupils with statements or Education, Health and Care Plans.

South Stoke Primary School, as part of normal budget planning, has a strategic approach to using resources to support the progress of pupils with SEN. South Stoke Primary School provides additional support up to the nationally prescribed threshold per pupil per year. Where the cost of special educational provision required to meet the needs of an individual pupil exceeds this threshold, schools are not expected to meet the full costs of more expensive special educational provision from their core funding. The Local Authority may provide top-up funding.

## **IDENTIFICATION, ASSESSMENT AND REVIEW**

The progress of the children is assessed at regular intervals by staff as part of the school's tracking process (see Assessment Policy, and Equality Policy). Where progress is slow, the first response is high quality targeted teaching. Slow progress and low attainment do not necessarily mean that a child has SEN.

All those working with children are alert to emerging difficulties and respond early.

In deciding whether to make special educational provision, the Headteacher and SENCo consider all the information gathered from within the school about the pupil's progress, alongside national data and expectations of progress.

Where more specific assessment is deemed to be necessary, this will be carried out by the SENCo, who may then involve other professionals from outside the school. The information gathering will include an early discussion with the pupils and their parents. South Stoke Primary School recognises that parents know their children best and we ensure we listen to and understand when parents express concerns about their child's development. Consideration of whether special educational provision is required starts with the desired outcomes, including the expected progress and attainment and the views and wishes of their parents.

When a child is identified as needing SEN support, school employs a graduated approach of Assess-Plan-Do-Review adopting the recommended model for Special Educational Needs as set out in the Code of Practice (DfE 2014). The LA SEN Guidance is used as a guide for the identification, assessment and provision for SEN, and the forms provided are used for record-keeping. A register of pupils with SEN is kept as a legal requirement.

Criteria for identifying SEN may include:

- A child's early history and/or parental concern
- Low entry profile
- Low Foundation Stage profile
- A pupil's lack of progress despite receiving a differentiated curriculum
- Low achievement in the National Curriculum i.e. significantly below the suggested level for their age
- Requiring greater attention in class due to behavioural/learning difficulties
- Requiring specialist material/equipment or support for sensory/physical problems

The SENCo and the class teacher, together with specialists, and involving the pupils, parents, consider a range of teaching approaches, appropriate equipment, strategies and interventions in order to support the child's progress. Outcomes are agreed and progress reviewed regularly.

Where, despite the school providing SEN support, a child has not made expected progress, school and parents may consider requesting an Education, Health and Care assessment by the local authority. The LA will expect to see evidence of the action taken by the school as part of SEN support.

Reviews of children with SEN support are held each term and led by the class teacher. They provide an opportunity for parents to share their concerns and, together with the child and teacher, agree aspirations for the pupil.

### **Provision**

Provision for children with SEN is additional to or different from those provided as part of the school's usual differentiated curriculum and strategies. It is a graduated response to children's individual needs. Such provision is recorded on the SEN Pupil Profile.

### **Categories of Special Educational Need**

Children's needs and requirements fall into four broad areas, but individual pupils may well have needs which span two or more areas. For example, a pupil with general learning difficulties may also have communication difficulties or a sensory impairment.

#### Communication and interaction:

- Speech, Language and Communication needs
- Autistic Spectrum Disorder including Aspergers and Autism

#### Cognition and Learning:

- Specific Learning Difficulties e.g. dyslexia, dyspraxia, dyscalculia
- Social, emotional and mental Behaviour reflecting underlying health difficulties: mental health difficulties (e.g. anxiety, depression).  
Attention deficit disorder, attention deficit hyperactive disorder, attachment disorder

#### Sensory and/or physical:

Hearing Impairment; Visual impairment; Physical disability; Multi-sensory impairment

#### **Supporting pupils with medical conditions**

Where children with SEN also have medical needs, their provision is planned and delivered in a co-ordinated way with the healthcare plan. School has regard for the statutory guidance supporting pupils at school with medical conditions (DfE, 2014). See the Supporting pupils with medical conditions policy.

#### **CURRICULUM ACCESS AND INCLUSION**

South Stoke Primary School strives to be an inclusive school, engendering a sense of community and belonging through its

- inclusive ethos
- broad and balanced curriculum for all pupils
- systems for early identification of barriers to learning and participation
- high expectations and suitable targets for all children

#### **EVALUATING SUCCESS**

Parents/guardians, staff and pupils meet regularly, both formally and informally, to plan outcomes, revise provision and celebrate success.

The success of the school's SEN Policy and provision is evaluated through:

Monitoring of classroom practice by SENCo and subject coordinators

- Analysis of pupil tracking data and test results - for individual pupils and/or cohorts
- Value-added data for pupils on the SEN register
- Monitoring of procedures and practice by the SEN governor three times a year
- School self-evaluation
- Monitoring the quality of Pupil Profiles and review meetings
- The School Improvement Plan

## **COMPLAINTS PROCEDURES**

If a parent or guardian is concerned about SEN provision for their child, initial contact should be made with the class teacher. A meeting will be arranged, which may include the Headteacher and/or SENCo, to discuss the concern. Parents can request an appointment with the Headteacher directly. The Parent Partnership Service is available to support parents in meetings concerning their child's progress and welfare.

In the event of a formal complaint concerning SEN provision, parents/guardians are advised to contact the Headteacher and follow the Oxfordshire LA procedure in the first instance. Parents may also contact the Governing Body. Government publications regarding parents' rights are available in school.

## **PARTNERSHIP WITHIN AND BEYOND THE SCHOOL AND CHILDCARE STAFF DEVELOPMENT**

The school and childcare are committed to gaining further expertise in the area of Special Needs education. Current training includes school-based whole school INSET, training sessions for TAs and lunchtime supervisors, SENCo and TA group meetings, attendance at County meetings and the reading and discussion of documents on SEN. Individual staff development is provided by various higher education institutions. Staff meetings are arranged to respond to the particular needs of the school.

Arrangements for the induction of NQTs and new staff into the school's policy and SEN procedures are detailed in the Staff Handbook.

## **LINKS WITH OTHER AGENCIES, ORGANISATIONS AND SUPPORT SERVICES**

The school and childcare are able to call upon the expertise of a wide range of support services. These support services are consulted after consultation with the Headteacher or SENCo, and with the full agreement of parents. For assessment and advice from most of these services a request form must be filled in first, then additional information may be required e.g. the service's own checklist, and information about strategies already in use.

The SENCo holds contact addresses and request forms for other agencies and support services.

## **PARTNERSHIP WITH PARENTS**

Our school believes that good communication between parents/guardians and staff is essential so that parents can share their knowledge and expertise about their child. This is important in enabling children with special educational needs to achieve their potential. Parents are always welcome to visit the school to discuss any concerns about their child with the class teacher, at

a mutually agreed time. There is opportunity for parents to discuss their child's needs, progress and strengths at Parents Interviews. Parents are involved in the initial identification of their child's needs and are always part of the review process to monitor provision and progress. Wherever possible, parents are involved in any strategies instigated, and we aim to support parents with their child's difficulties if necessary. Parents are consulted and permission sought before involving outside agencies in the assessment of a child's progress or behaviour. Information about the Parent Partnership Service is given to parents so they may use it if they wish, and information is available for parents of children with learning difficulties/disabilities in school. Parents have right of access to records concerning their child.

### **THE VOICE OF THE CHILD**

All children are encouraged to participate in discussions about their learning and to feel that their views are valued right from the start of their education. In South Stoke Primary School we encourage pupils to participate in their learning by being present for at least part of review meetings, depending on their level of maturity, to share their wishes and feelings with families and staff. This is difficult for some children, so it is important to recognise success and achievements as part of the review process as well as addressing any difficulties. Pupils are encouraged to take part in the reviews and be part of the evaluation of their successes and needs.

### **TRANSFER ARRANGEMENTS**

The SENCo, class teachers and Headteacher liaise over the internal transfer of pupils with SEN. Placements are considered carefully in order to meet a child's particular needs, and pupils visit their new class before transfer.

Year 6 children transferring to local Secondary Schools have the chance to visit the new school for a day. Representatives from the Secondary Schools visit to talk with the children. The SENCo and Year 6 teachers liaise over the transfer procedure and when transfer is local, meetings are arranged between the appropriate staff. At all times of transition, SEN information is gathered together and records transferred to the new teacher or school.

For pupils with Statements or Education, Health and Care Plans, the child's statement should be amended in the light of recommendations of the annual review by 15th February in the year of transfer to ensure that time is available to make necessary transfer arrangements re/needs and provision. The SENCo of the receiving school will be invited to the final annual review in primary schools of pupils with statements or Education, Health and Care Plans where the particular school has been named.

## INCLUSION

Incorporating Special Educational Needs Information, in compliance with Statutory Instrument : Special Educational Needs (Information) Regulations (Clause 64)

### Legislative Compliance

This policy complies with the guidance given in **Statutory Instrument : Special Educational Needs (Information) Regulations (Clause 64)**. It has been written as guidance for staff, parents or carers and children with reference to the following guidance and documents.

- SEN Code of Practice (which takes account of the SEN provisions of the SEN and Disability Act 2001) September 2014
- Ofsted Section 5 Inspection Framework January 2014
- Ofsted SEN Review 2010 "A Statement is not enough"
- Equality Act 2010
- Education Bill 2011
- Children and Families Act 2014
- Inclusion Statement

We endeavour to achieve maximum inclusion of all children (including vulnerable learners) whilst meeting their individual needs.

Teachers provide differentiated learning opportunities for all the children within the school and provide materials appropriate to children's interests and abilities. This ensures that all children have a full access to the school curriculum.

Special Educational Need might be an explanation for delayed or slower progress but is not an excuse, and we make every effort to narrow the gap in attainment between vulnerable groups of learners and others.

English as an Additional Language (EAL) is not considered a Special Education Need. Differentiated work and individual learning opportunities are provided for children who are learning EAL as part of our provision for vulnerable learners.

We focus on individual progress as the main indicator of success.

We strive to make a clear distinction between "underachievement" - often caused by a poor early experience of learning - and special educational needs.

Some pupils in our school may be underachieving but will not necessarily have a special educational need. It is our responsibility to spot this quickly and ensure that appropriate interventions are put in place to help these pupils catch up.

Other pupils will genuinely have special educational needs and this **may** lead to lower-attainment (though not necessarily to under-achievement). It is our responsibility to ensure that pupils with special educational needs have the maximum opportunity to attain and achieve in line with their peers. Accurate assessment of need and carefully planned programmes, which address the root causes of any learning difficulty, are essential ingredients of success for these pupils. These will be provided, initially, through additional support funded from the devolved schools budget.

### **Aims and Objectives of this Policy**

The aims of our inclusion policy and practice in this school are:

- To provide curriculum access for all
- To secure high levels of achievement for all
- To meet individual needs through a wide range of provision
- To attain high levels of satisfaction and participation from pupils, parent and carers
- To carefully map provision for all vulnerable learners to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes.
- To ensure a high level of staff expertise to meet pupil need, through well targeted continuing professional development.
- To work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.
- To "promote children's self-esteem and emotional well-being and help them to form and maintain worthwhile relationships based on respect for themselves and others". (National Curriculum, 2000).

In agreeing these staged arrangements, the school has taken into account the following statements and definitions:

*"Defining achievement in terms of the number of targets on an individual education plan achieved across a given time rarely ensured rigorous evaluation of provision or pupils' progress. What made the difference to higher outcomes was effective target-setting within the curriculum or personalised programme as part of a whole-school policy on assessment."*  
***'Inclusion: does it matter where pupils are taught?'*** (Ofsted, 2006a)

*"Special educational provision is educational or training provision that is **additional to or different from**" that made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching" **SEN Code Of Practice (2014)***

*This is not necessarily "more literacy" or "more maths" but would be interventions which address the underlying learning needs of the pupil in order to improve his or her access to the curriculum." **"Achievement for All" (National Strategies : 2009)***

*Across all the education providers visited, the keys to good outcomes were good teaching and learning, close tracking, rigorous monitoring of progress with intervention quickly put in place, and a thorough evaluation of the impact of additional provision. **Ofsted SEN Review 2010***

*"Ensuring that schools are clear about their provision that is normally available for all children, including targeted help routinely provided for those falling behind and the additional provision they make for those with SEN, should simplify the process of planning the right help at school level" (p68) **SEN Code of Practice 2014***

**STAGE 1 Well-differentiated, quality first teaching, including, where appropriate, the use of Wave 1 or Wave 2 Interventions.**

All learners will have access to quality first teaching.

The routine and prolonged withdrawal from mainstream of children with EAL is not recognised as good practice and does not promote rapid language acquisition. Language acquisition is best promoted through a range of good, inclusive strategies, interventions and differentiation of the usual school curriculum.

Some vulnerable learners will have access to Wave 1 or Wave 2 interventions. These will probably be pupils who are underachieving and have been identified by the school as needing to make accelerated progress but will not necessarily be pupils with special educational needs. This is considered to be a differentiation of the usual school curriculum - not a special intervention for pupils with SEN.

All vulnerable learners will be included on a detailed whole-school provision map which outlines and monitors all additional intervention across the school. Regular monitoring and evaluation of the provision given by the school enables the school to:

- Plan strategically to meet pupils' identified needs and track their provision.
- Audit how well provision matches need
- Recognise gaps in provision
- Highlight repetitive or ineffective use of resources
- Cost provision effectively
- Demonstrate accountability for financial efficiency
- Demonstrate to all staff how support is deployed
- Inform parents, LEA, external agencies and Ofsted about resource deployment
- Focus attention on whole-school issues of learning and teaching as well as individual needs, providing an important tool for self-evaluation.

### Identification and Assessment at Stage 1

Children's needs should be identified and met as early as possible through :

- the analysis of data including entry profiles, Foundation Stage Profile scores, "A Language in Common" assessment, reading ages, other whole-school pupil progress data
- classroom-based assessment and monitoring arrangements. (Cycle of planning, action and review.)
- following up parental concerns
- tracking individual children's progress over time,
- liaison with feeder nurseries on transfer
- information from previous schools
- information from other services

Undertaking, when necessary, a more in depth individual assessment - this may include a range of commercially available assessments, carefully chosen to deliver appropriate, useful information on a pupil's needs. It may include a bilingual assessment where English is not the first language.

Involving an external agency where it is suspected that a special educational need is significant.

### **Curriculum Access and Provision for vulnerable learners**

Where children are underachieving and/or identified as having special educational needs, the school provides for these additional needs in a variety of ways and might use a combination of these approaches to address targets identified for individual pupils.

- teachers differentiate work as part of quality first teaching
- Wave 1,2,3 interventions
- other small group withdrawal
- individual class support / individual withdrawal

- bilingual support/access to materials in translation
- further differentiation of resources,
- study buddies/cross age tutors
- homework/learning support club
- SEN PROFILE tutorials

### **Monitoring and Evaluation**

The monitoring and evaluation of the effectiveness of our provision for vulnerable learners is carried out in the following ways:

- classroom observation by the SENCO and class teachers.
- ongoing assessment of progress made by intervention groups
- work sampling on a termly basis.
- scrutiny of planning.
- teacher interviews with the SENCO/EMA co-ordinator
- informal feedback from all staff.
- pupil interviews when setting new SEN PROFILE targets or reviewing existing targets
- pupil progress tracking using assessment data (whole-school processes)
- monitoring SEN Profiles and SEN PROFILE targets, evaluating the impact of SEN Profiles on pupils' progress.
- attendance records and liaison with EWO.
- regular meetings about pupils' progress between the SENCO/EMA co-ordinator and the head teacher
- head teacher's report to parents and governors

### **Stage 2 Additional SEN Support**

Pupils will be offered additional SEN support when it is clear that their needs require intervention which is "additional to" or "different from" the well-differentiated curriculum offer for all pupils in the school ie they have a special educational need as defined by the SEN Code of Practice 2014.

Under-achieving pupils and pupils with EAL who do not have SEN will **not** be placed on the list of pupils being offered additional SEN support (but will be closely monitored by the SENCO).

In keeping with all vulnerable learners, intervention for pupils on the SEN list will be identified and tracked

It may be decided that a very small number, **but not** all of the pupils on the SEN list will require additional High Needs funding, for which an application needs to be made to the Local Authority, to ensure their underlying special educational need is being addressed.

This may particularly be the case where outside agencies have been involved in assessing the pupil or contributing to their provision. Where the school can evidence that more than £6,000 above the Average Weighted Pupil Unit has, or will need to be, spent on a pupil within any one financial year, in order to meet his or her special educational needs, an application will be made to the Local Authority, with particular regard to the success criteria and SEN Descriptors published as part of the local offer.

On very rare occasions, where a pupil has a significant, severe and sustained need, it may be necessary to enter a multi-disciplinary assessment process with health and social care in order to consider the need for an Education Health and Care Plan.

Where a pupil is in receipt of High Needs Funding and/or an Education Health and Care Plan, a decision will be made as to whether a short-term Individual Education Plan is required.

Our approach to SEN Profiles, which we recognise are no longer prescribed in the SEN Code of Practice 2014, is as follows:

Our SEN Profiles are a planning, teaching and reviewing tool which enables us to focus on particular areas of development for pupils with special educational needs. They are seen as working document which can be constantly refined and amended.

Our SEN Profiles will only record that which is *additional to* or *different from* the differentiated curriculum plan which is in place as part of provision for all children. Targets will address the underlying reasons why a pupil is having difficulty with learning - they will not simply be "more literacy" or "more maths".

Our SEN Profiles will be accessible to all those involved in their implementation - pupils should have an understanding and "ownership of the targets".

Our SEN Profiles will be based on informed assessment and will include the input of outside agencies,

Our SEN Profiles have been devised so that they are manageable and easily monitored and therefore will be monitored and evaluated regularly.

Our SEN Profiles will be time-limited - at (at least) termly review, there will be an agreed "where to next?"

Our SEN Profiles will state what the learner is going to learn - not what the teacher is going to teach and will be clear about what the pupil should be able to do at the end of the given period.

Targets for a SEN pupils will be arrived at through :

- Discussion between teacher and SENCO
- Discussion, wherever possible, with parents/carers and pupil
- Discussion with another professional
- (after long discussion it has been decided not to prescribe an order of events - the precise order for this will vary from pupil to pupil).

Our SEN Profiles will be reviewed at least termly by class teachers in consultation with the SENCO.

### **Stage 3 Statement of Special Educational Needs or Education Health and Care Plan**

Pupils with a statement of educational needs (pre September 2014) or an Education Health and Care Plan (post September 2014) will have access to all arrangements for pupils on the SEN list (above) and, in addition to this, will have an Annual Review of their statement/plan.

Our school will comply with all local arrangements and procedures when applying for

- High Needs Block Funding
- An Education Health and Care Plan

and will ensure that all pre-requisites for application have been met through ambitious and pro-active additional SEN Support using our devolved budget at an earlier stage.

Our review procedures fully comply with those recommended in Section 6.15 of the Special Educational Needs Code of Practice and with local NCC policy and guidance - particularly with regard to the timescales set out within the process.

### **Inclusion of pupils with English as an additional language**

#### **Definition**

A pupil who has English as an Additional Language is a pupil whose first language is not English, and who uses that language on a regular basis inside or outside of school. EAL pupils are not considered to have a Special Educational Need, but are seen to benefit from the ability to live and learn in more than one language.

#### **Ethos**

We strive to recognise, welcome and celebrate linguistic and cultural diversity and have a high expectation of all pupils regardless of ethnic, cultural or linguistic heritage. We aim to include

all pupils and parents in our school by respecting that diversity and reflecting it in our school environment, curriculum, learning resources and partnership with parents. We welcome the enrichment that linguistic and cultural diversity brings to our school community.

### **Admissions**

No pupil will be refused admission on the basis of ethnicity or EAL. Pupils who have EAL will be admitted under the same criteria as any other pupil applying for a school place. Where parents do not speak English, we endeavour to provide oral and written information and help in first language which will facilitate the admission process and provide key information about our school. On admission, the pupil will have access to a welcome and induction programme which recognises their linguistic needs and provides a safe and secure start to their learning.

### **Provision**

Pupils with EAL will have full access to mainstream provision regardless of their proficiency in English. Where necessary, additional support will be given to improve acquisition of English: this will be provided through Wave 1 and, where appropriate, Wave 2 teaching.

The following provision can be expected:

- initial assessment of EAL using QCA 'A Language in Common' to record stage of language acquisition where it is below English NC Level 2
- a further mother tongue assessment may be applicable where SEN is known or where further information needs to be gathered in the pupil's first language
- pupils will be placed in sets and groups which match their academic ability. Initially this may be in a middle-ability set until the pupil's academic strengths can be more fully assessed. Pupils will not be placed with SEN pupils unless SEN is indicated.
- Work in class will be differentiated for the pupils to lessen linguistic difficulties without significantly reducing academic challenge. Differentiated homework will be provided to enable the pupil to improve their knowledge and use of English and to participate in homework activities on an equal basis with their peers.
- Additional support for pupils may be given through: first language resources & translation facilities; teaching support on a 1:1 or small group basis, peer group support; pre-teaching of key concepts and vocabulary.
- Where necessary, catch-up work will be provided for pupils arriving from overseas who have experienced a different curriculum or who may have gaps in their schooling. Where pupils are ahead of their peer group in terms of learning, differentiation will be made in order to access learning at an appropriate level.

Progress of EAL pupils will be monitored against both A Language in Common and against National Curriculum indicators. Where accelerated progress in English is needed for reasons of

EAL, targets will be set and provision made on agreement between the class teacher and the EMA Co-ordinator or SENCO. Provision will be recorded and monitored for effectiveness using the school's provision map, in line with standard practice for all vulnerable learners in the school. The pupil will not be placed on the SEN register for reasons of EAL.

### **Parental support**

We recognise that some parents who are learning English may find it difficult to communicate with the school and approach the school regarding any concerns they may have on their child's progress. We endeavour to fully include EAL parents in the life of the school by, wherever possible, providing interpreting facilities at parents' evenings and other school meetings and by providing key school information in translated format.

### **Inclusion of pupils who are looked after in local authority care**

Our school recognises that children who are looked after in local authority care have the same rights as all children but may have additional needs due to attachment issues, early neglect, separation and loss, trauma and many placement moves. These barriers to learning can affect their educational outcomes and their personal, social and emotional development.

There are commonly understood reasons (Social Exclusion Unit Report :2003] why children who are looked after in local authority care often fail to make expected progress at school :

- Placement instability
- Unsatisfactory educational experiences of many carers
- Too much time out of school
- Insufficient help if they fall behind
- Unmet needs - emotional, mental, physical

There is a statutory requirement for all schools to have a designated teacher (DT) for looked after children. Our DT is Miss Rogers the Head Teacher. The responsibilities of our designated teacher include:

- monitoring the progress of children who are 'looked after' to ensure that they have the best life chances possible and access to the full range of opportunities in school
- ensuring that children who are 'looked after' have access to the appropriate network of support
- checking that the statutory Personal Education Plan (PEP) has been arranged and that it is regularly reviewed, at least every six months
- ensuring that information concerning the education of children who are 'looked after' is transferred between agencies and individuals

- preparing a report on the child's educational progress to contribute towards the statutory review. (These are usually held at six monthly intervals or more frequently if there is a concern)
- discussing feedback from the statutory review (chaired by the Independent Reviewing Officer) with social workers and, where necessary, the carers and a member of the Virtual School team.
- liaising with the child's social worker to ensure that there is effective communication at all times
- celebrating the child's successes and acknowledge the progress they are making.

Our school will work closely with the county's The Virtual School (VS) for Children which promotes the educational needs of Looked After Children and monitors admissions, PEP completion, attendance & exclusions.

### **Inclusion of pupils who are very able and/or talented**

In this section the term 'very able' refers to pupils who have a broad range of achievement at a very high level. Those children who are very able have very well-developed learning skills across the curriculum. The term 'talented' refers to pupils who excel in one or more specific fields, such as sport or music, but who may or may not perform at a high level across all areas of learning.

Physical talents	sports, games, skilled, dexterity
Visual/performing abilities	dance, movement, drama
Mechanical ingenuity	construction, object assembly (and disassembly), systematic, working solutions
Outstanding leadership	organiser, outstanding team leader, sound judgements
Social awareness	sensitivity, empathy,
Creativity	artistic, musical, linguistic

We respect the right of all children in our school, irrespective of differences in ability, to access a number of areas of learning, and to develop the knowledge, skills, understanding and attitudes that are necessary for their self-fulfilment and eventual development into active and responsible adults.

The aims of our school make specific reference to teaching and learning that takes into account the needs of all children. They also identify the commitment to giving all our children every opportunity to achieve the highest of standards. This policy guides the way in which this happens for our very able and/or talented children.

For primary -Based on DFES guidelines, we monitor the children closely in the FS and at KS1, but we only identify very able and talented children once they are in KS2.

### **Identification**

Before identifying any child as 'very able' in a particular area, we aim to ensure that all children have had the opportunity to learn and succeed in this area. This makes the identification process fair. Identification of pupils as 'very able' and/or 'talented' is a judgement which applies to the current class/school context and refers to the current level of performance only. This means that 'at this time this child is showing ability in a particular area'. Identification at our school does not necessarily mean that in another school or context the child would be identified.

A very able or talented pupil should be identified using a variety of methods. The specific procedure will vary according to subject area but will include elements of the following:

- teacher nomination
- assessment results
- specialist teacher identification
- parental nomination
- peer nomination
- self nomination

Each year the school will draw up a register of very able and/or talented children, and this list will be kept under review. Provision for very able and/or talented children will be tracked and profiles will be completed by the class teacher.

### **Provision**

Teachers have high expectations and plan carefully to meet the learning needs of all our children. We give all children the opportunity to show what they know, understand and can do, and we achieve this in a variety of ways when planning for children's learning by providing:

- a common activity that allows the children to respond at their own level;
- an enrichment activity that broadens a child's learning in a particular skill or knowledge area;
- an individual activity within a common theme that reflects a greater depth of understanding and higher level of attainment;
- the opportunity for children to progress through their work at their own rate of learning.

Children meet a variety of organisational strategies as they move through the school. Each strategy supports all children in their learning, but gives due regard to the more able and very able learner.

From Year 1 to Year 6 we set targets for English and mathematics at the appropriate level. We teach the children in our classes with appropriate differentiation, and we run 'more able groups' in English and mathematics at KS2.

### **Management of Inclusion within our school**

The head teacher and the governing body have delegated the responsibility for the ongoing implementation of this Inclusion Policy to the Special Educational Needs Coordinator (SENCO). The SENCO is responsible for reporting regularly to the head and the governor with responsibility for SEN on the ongoing effectiveness of this inclusion policy. The Designated Teacher for Looked After Children has strategic responsibility for the inclusion of children who are adopted or in local authority care.

**All staff in school have a responsibility for maximising achievement and opportunity of vulnerable learners** - specifically, all teachers are teachers of pupils with special educational needs and EAL. Staff are aware of their responsibilities towards all vulnerable learners and a positive and sensitive attitude is shown towards all pupils at all times.

### **Headteacher**

The headteacher is responsible for monitoring and evaluating the progress of all pupils and for making strategic decisions which will maximise their opportunity to learn:

- the head teacher and the governing body will delegate the day to day implementation of this policy to the Special Educational Needs Coordinator (SENCO) and Ethnic Minority Achievement Co-ordinator
- the head teacher will be informed of the progress of all vulnerable learners and any issues with regard to the school's provision in this regard through:
- analysis of the whole-school pupil progress tracking system
- pupil progress meetings with individual teachers
- regular meetings with the SENCO
- discussions with pupils and parents

### **Special Educational Needs Coordinator**

In line with the recommendations in the SEN Code of Practice 2014, the SENCO will oversee the day- to-day operation of this policy in the following ways:

- maintenance and analysis of whole-school provision map for vulnerable learners
- co-ordinating provision for children with special educational needs
- liaising with and advising teachers
- managing other classroom staff involved in supporting vulnerable learners
- overseeing the records on all children with Special Educational Needs
- liaising with parents of children with SEN, in conjunction with class teachers

- contributing to the in-service training of staff
- implementing a programme of Annual Review for all pupils with a statement of special educational need. Complying with requests from an Education Health and Care Plan Coordinator to participate in a review.
- carrying out referral procedures to the Local Authority to request High Needs funding and/or an Education Health and Care Plan when it is suspected, on strong evidence arising from previous intervention (additional SEN support from devolved budget), that a pupil may have a special educational need which will require significant support,
- overseeing the smooth running of transition arrangements and transfer of information for Year 6 pupils on the vulnerable learners' provision map.
- monitoring the school's system for ensuring that Individual Education Plans, where it is agreed they will be useful for a pupil with special educational needs, have a high profile in the classroom and with pupils (see section below on Individual Education Plans).
- evaluating regularly the impact and effectiveness of all additional interventions for all vulnerable learners (including those with special educational needs).
- meeting **at least** termly with each teacher to review and revise learning objectives for all vulnerable learners in their class who are being tracked on the school's provision map (school managers will guarantee planning and preparation time for teachers and SENCO to ensure that these meetings occur).
- liaising sensitively with parents and families of pupils on the SEN list, keeping them informed of progress and listening to their views of progress.
- attending area SENCO network meetings and training as appropriate.
- liaising with the school's Inclusion Governor, keeping him/her informed of current issues regarding provision for vulnerable learners, including those with Special Educational Needs (nationally, locally and within school).
- liaising closely with a range of outside agencies to support vulnerable learners,
- maintenance of a list of pupils with ethnic minority heritage and EAL, ensuring they are identified on the school's provision map
- in collaboration with the SENCO, maintenance and analysis of whole-school provision map for vulnerable learners from ethnic/linguistic minority backgrounds
- advising on and co-ordinating provision for children with additional needs relating to ethnic or linguistic background
- working collaboratively with teachers to plan for and teach children with EAL as part of mainstream teaching practice
- managing other classroom staff involved in supporting ethnic/linguistic minorities
- overseeing the initial and on-going assessment records on all children with EAL
- liaising with parents of ethnic and linguistic minority children, in conjunction with class teachers, keeping them informed of progress and listening to their views of progress.

- meeting **at least** termly with each teacher to review the linguistic progress of children learning EAL and establish next steps in learning
- in collaboration with the SENCO, evaluating regularly the impact and effectiveness of all additional interventions for children from cultural and linguistic minority backgrounds.
- in collaboration with the SENCO, overseeing the smooth running of transition arrangements and transfer of information for Year 6 pupils with EAL.
- contributing to the in-service training of staff
- supporting the design and delivery of a culturally inclusive curriculum which reflects the ethnic, cultural and linguistic diversity of the school
- advising on and sourcing bilingual and culturally reflective materials to support children's learning across the curriculum
- advising on and sourcing interpreters and materials in translation to ensure that bilingual parents have equality of access to essential information
- liaising with the school's Inclusion Governor, keeping him/her informed of current issues regarding provision for ethnic/linguistic minorities.
- liaising closely with a range of outside agencies to ethnic & linguistic minority learners

### Class teacher

Liaising with the SENCO to agree :

- which pupils in the class are vulnerable learners
- which pupils are underachieving and need to have their additional interventions monitored on the a vulnerable learners' provision map - but do not have special educational needs.
- which pupils (also on the provision map) require additional support because of a special educational need and need to go on the school's SEN list. Some of these pupils may require advice/support from an outside professional and, therefore, an Individual Education Plan to address a special educational need (this would include pupils with statements/EHC Plans)
- Securing good provision and good outcomes for all groups of vulnerable learners by :
- providing differentiated teaching and learning opportunities, including differentiated work for EAL pupils which reduces linguistic difficulty whilst maintaining cognitive challenge
- ensuring there is adequate opportunity for pupils with special educational needs to working on agreed targets which are genuinely "additional to" or "different from" those normally provided as part of the differentiated curriculum offer and strategies". (SEN Code of Practice 2013)
- ensuring effective deployment of resources - including teaching assistant support - to maximise outcomes for all groups of vulnerable learners.

In accordance with Section 6 of the SEN Code of Practice 2014, if appointed after September 2008, our Special Educational Needs Coordinator will be a qualified teacher working at our school and will have statutory accreditation. If a new SENCO is appointed, he/she will gain statutory accreditation within three years of appointment.

All staff will be trained in how to best support all vulnerable learners in order to maximise their achievement as part of the school development plan and annual schedule of continuous professional development.

Specialist advice and expertise in relation to assessment and support of individual pupils will be commissioned by the school from the open market. Service level agreements and quality assurance criteria will be put in place at the point of commissioning and the headteacher and senior leaders will be responsible for reporting to governors on the efficacy of these arrangements (including value for money). Our school will, wherever possible, join with other schools in joint commissioning and quality assurance arrangements.

When specialist equipment or a high level of staffing support is required to support a pupil with special educational needs, our school will fund this as additional SEN support up to £6,000 per annum for each individual pupil.

Thereafter, if the cost is higher and the provision of these facilities is likely to be prolonged, the school will apply to the Local Authority for High Needs Block Funding.

Specialist equipment and expertise in relation to its use will be purchased/hired/ commissioned by the school from the open market, subject to the usual guarantees, service level agreements and quality assurance criteria. Our school will, wherever possible, join with other schools in joint purchasing/hire of equipment.

All staffing appointments to support vulnerable learners will be carried out in accordance with equal opportunities legislation, employment law, safer recruiting policy and best practice. All vacancies will be competitively advertised and recruited.

## Partnership with Parents/Carers

The school aims to work in partnership with parents and carers. We do so by:

- working effectively with all other agencies supporting children and their parents
- giving parents and carers opportunities to play an active and valued role in their child's education
- making parents and carers feel welcome
- encouraging parents and carers to inform school of any difficulties they perceive their child may be having or other needs the child may have which need addressing
- instilling confidence that the school will listen and act appropriately
- focusing on the child's strengths as well as areas of additional need
- allowing parents and carers opportunities to discuss ways in which they and the school can help their child
- agreeing targets for all pupils, in particular, those not making expected progress and, for some pupils identified as having special educational needs, involving parents in the drawing-up and monitoring progress against these targets
- keeping parents and carers informed and giving support during assessment and any related decision-making process
- making parents and carers aware of the Parent Partnership services.
- providing all information in an accessible way, including, where necessary, translated information for parents with English as an Additional Language.

## Involvement of Pupils

We recognise that all pupils have the right to be involved in making decisions and exercising choice. In most lessons, all pupils are involved in monitoring and reviewing their progress through the use of layered targets. We endeavour to fully involve all pupils by encouraging them to:

- state their views about their education and learning
- identify their own needs and learn about learning
- share in individual target setting across the curriculum **so that they know what their targets are and why they have them,**
- self-review their progress and set new targets
- (for some pupils with special educational needs) monitor their success at achieving the targets on their SEN profile

## Effective Transition

We will ensure early and timely planning for transfer to a pupil's next phase of education and, in the year before the year in which they leave, will offer transition meetings to all pupils in

receipt of Additional SEN support and all those with statements of Special Educational Needs. Pupils with Education Health and Care Plans will have next phase destinations and transition arrangements discussed at plan review meetings convened by the plan coordinator.

A transition timeline will be produced, with specific responsibilities identified.

Support for the pupil in coming to terms with moving on will be carefully planned and will include familiarisation visits and counselling. Pupils will be included in all "class transition days" to the next phase but may also be offered additional transition visits.

Pupils and parents will be encouraged to consider all options for the next phase of education and the school will involve outside agencies, as appropriate, to ensure information is comprehensive but easily accessible and understandable. Accompanied visits to other providers may be arranged as appropriate.

Parents will be given a reliable named contact at the next phase provider with whom the SENCo will liaise.

### **Admission Arrangements**

No child will be refused admission to school on the basis of his or her special educational need, ethnicity or language need. In line with the Equalities Act 2010, we will not discriminate against disabled children and we will take all reasonable steps to provide effective educational provision.

### **Complaints**

If there are any complaints relating to the provision for children with SEN or EAL these will be dealt with in the first instance by the class teacher and SENCO/EMA Co-ordinator, then, if unresolved, by head teacher. The governor with specific responsibility for SEN/inclusion may be involved if necessary. In the case of an unresolved complaint the issue should be taken through the general Governors complaints procedure (see separate Complaints Policy)
